Very helpful for anyone interested in this "niche"

OP Provides everything stated in sales thread.

Cons:None for me.

For a beginner they must put in a little work but it will definitely pay out with this step by step guide.

(Apr 15, 2021 08:20 PM)Aeowulf Wrote: [\[CITE\]](#) Alright, I can now vouch for this.

Everything that OP states in the sales thread is offered in the eBook. Besides the eBook there's really only one thing missing to get started immediately and the author provides links of places to get these things. The author goes even further, and as stated makes it "noob-friendly" by providing you some additional tips for safeguarding yourself while you're doing it. I can honestly say I was not expecting an eBook as thorough and as long as this one. I was skeptical at first, but the eBook is legit.

Looks like it could be a useful guide for some members , are you giving out any vouch copies ?

amy santiago - April 11, 2021, 8:33 pm

EDIT:

I have updated the guide and pricing. The guide is extremely detailed with a lot of resources. Prices will go up after every few sales .

To make sure it does what you're saying? And its as easy as you say?

I'll take a look if you do. If not... I'll watch and see if anyone actually buys and leaves a review.

__M__ - April 30, 2021, 12:08 am

can you please give me more info about how this automated?

As I know about cracking, you have to crack account (in cracking also have a lot manual work) then sell, everything is manual process, I think if you can manage customer then only order process can be automated by third party store system like selly, or I missing anything?

also I think selling accounts is harder than before so how will you help about this?

amy santiago - April 30, 2021, 12:27 am

Check out non free account section
gotta hustle,think big and make insane make profits
it is as simple as that
this guide outlines how people are doing that in non free section
everything is automated,no one is selling manually

YihuYon - May 5, 2021, 12:04 am

I am not interested in setting up a shop but would want to crack HQ accounts. Could you atleast PM with what Sentry configs are available (the very least share the names of a few of them sites?).
Thanks!

Daviddarling - May 7, 2021, 2:38 am

Cracking is not easy man. I am not sure how ur system works

Just putting my own opinion here as I am familiar with all of this and have a NFA Store too, I believe OP is just selling some ebook he found on the internet cause Sentry MBA is dead. Its been dead for years now. It was developed around 90s I guess? Over the years security updates have happened making Sentry MBA useless as shit, it can't crack even 0.5% of the sites now. Don't waste your time here.

amy santiago - May 8, 2021, 2:31 pm

Sentry MBA is was developed around 90s
bro please get your facts straight

it was not it is about 10 years old and i still use it daily

i gotta agree with this user, sentry is very old and is only effective with old and non updated websites. there are faaaaar more better and most importantly free to use rather than sentryMBA

My signature is enough for users to make an informed decision.

One more thing, whoever is reading this, cracking market is dying, don't start now.

Sentry MBA tutorials can be found everywhere, so is the knowledge on how to find "crack lists". The fact that OP sells this method for \$35 - \$50 while cracked accounts sell for \$2- \$5 each, means the market is little.

I don't say this isn't a money making 'guide' but I doubt this will come close to \$1k a week for the average HF member.

For a good laugh, check OP's sales thread (cracked accounts);

Check shoppy feedback

Not forcing anyone to buy

I don't understand the hate here

It's like going to cinema ,screaming at people ,why are you paying for this? you can watch Netflix.

Guess what no one cares what you think

What hate? Says the guy that just posted "no one cares what you think"?

Also, fix the negative posts at your thread by customers who are not happy with your Service, kiddo..

We ask you why you are selling a "\$1k/week" cracking guide, for Sentry MBA while your own sales thread (of cracked accounts done with Sentry MBA) got a lot of negative replies...

I said this before and I'll say this again, to protect all the (new) HF members.

This member sells 2 methods for \$1k/week, 1 EW method for \$200 a day but still charges \$40 for this old method.

Sentry MBA can be found anywhere, so can the combo lists & tutorials.

Also, if you are a good Vend0r, make sure you deal with complaints or adjust your sales page, is what I would suggest. You don't defend the claims that are made against you, but you do reply with insults.

Not saying OP is a fraud, only to deal with Caution when investing money at \$4k a month for \$35...

Stanley - November 6, 2021, 8:45 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
