Thread: [\[bkC1\] 420 Contest - 10 Entries Only](#)

bk randy - April 9, 2021, 8:29 pm

First bk Contest, this will go fast, then I'll open another longer lasting contest.
(Thought this would go faster but I guess not this time of night.)

Only 10 Entries to win 420?

Quick Love the post, post here when done

Rep is appreciated but not required.

Your post number on this thread will be your entry number for trying to be picked 1-10.

I will use an online number generator to pick the winner.

I would ask someone to screen share with me but this is a such a small amount it seems silly to ask.

Also check out my signature for my lottery.

And, GO!

Oh lol ok. Well if you want to enter go ahead.
(These last few comments will be deducted from being able to win the prize) {first 10 entries, the place you entered in will be your number to be chosen out of 10} Hope that makes sense.

Doing a 4,200Bytes contest next. Later today when this one ends.
