I would love to take a vouch copy.

Btw does the above listed benefits requires ourselves to prove that we are a student of that specific college.

Few months ago I tried getting into GitHub student package using edu email and it was asking for other documents to verify that I'm really a student of that specific college.

N987 - April 12, 2021, 7:15 pm

Github does not work for these emails. If I get some that do I will update my thread, Sorry about that.

Some companies change policies about verification and some will not look into it.

Unfortunately they do not.

vyactor - April 16, 2021, 6:29 pm

Seems to be a legit edu email seller. I asked OP for the vouch copy and he was pretty much instant on providing me a edu email. I've tried it with Amazon prime and I was able to successfully register after adding a phone number (you'd need this too) to the account.

Vouch for the OP. Good luck with sales

Steady - April 16, 2021, 6:50 pm

Bought a bundle at one of his discounted rates. I'll be coming back to buy more when I need them. All the emails work perfectly fine.

Great service with an amazing price!

Stanley - August 29, 2021, 1:00 pm

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
