I know where I am going to visit now

Sometimes, life can be a Bitche. The residents of a French town thought just that after social media giant Facebook removed Ville de Bitche's official page from its site last month.

Do they still have a page for Dildo, Newfoundland?

Good publicity for the town. Bad publicity for Facebook.

Can FB die yet?

I didn't know that was a real place either.

Imagine someone asking you where you from and you're like "Bitche, France" Imfao like what?
