Thread: [\[Music\] What's your favorite AMV?](#)

Obviously, nothing can top discovering Linkin Park / Naruto AMVs back in 2007, but some of the newer AMVs are quite good, in my opinion.

Soulmate~?? - April 23, 2021, 4:02 pm

I swear I saw an MV with that exact same fight in like 2009, or maybe all Naruto fights are just the same. It's cool that AMVs are having their second boom but with rap and stuff instead of rock now. It's a shame that some just loop one gif and call it an "AMV" like the one on my profile, but sometimes it fits and bangs too. ie.

[I think someone posted a thread like this like exactly a year ago](#) and these were the ones I posted at that time and a couple more. The guy(s) that run the Biteki and Sad Boy Vibes, etc channels are especially talented imo

Will probably update with more later as I remember them (has some spoilers)

Haha, I can't deny that, maybe they do look the same, but this fight takes place in the same area. See, in this video, this is a fight that takes place in the same area, but doesn't even happen in the show, it's from one of the Opening/Ending credits and this video came out in 2013:

Those AMVs are pretty good. You just had me discover a whole realm of music. Thank you.

Oh speaking of loops as such, check out this Future Funk/Vaporwave/City Pop channel:

Damn, that was so sick. Looks like he stopped making them 7 years ago.

I don't watch a ton of AMVs but I saw this one recently and it seemed super well made, and it's from my favorite.
