Thread: [Does anyone remember the group "Echo"?](#)

Focus RS - April 26, 2021, 2:53 pm

I was in it a while ago, looking to see if any old members are still around.

Michael - April 27, 2021, 5:30 am

Yeah, they're not that old, remember them.

Never heard of them. I do love that symmetrical and 'spiritual' looking Userbar. Even though it was for non-spiritual purposes.

What happened to them? Or did they rebrand?

Regulus - April 27, 2021, 5:37 am

Absolutely, I was in that group for a while but got a lots of hate & was sort of bullied sadly.

No clue why but oh well that's in the past. <3

I notice people in groups tend to act like this more.

Yeah kinda sucks :/

Sky - April 27, 2021, 6:17 am

Yep. Not sure I'd consider then an 'old' group but I guess that's entirely subjective.

Fortunate - April 27, 2021, 6:27 am

Echo was a fun lounge group to be in. I remember the group getting a lot of hate for their actions. I joined it a little late in 2017 but had some good memories and made great friends there.

Zeus - April 27, 2021, 6:32 am

Yeah i remember them aha long time ago!

All I get nowadays is love, everywhere on HF.

So it didn't affect me at all.

Appreciate your concern though, really means a lot <3

neightworks. - April 28, 2021, 12:34 pm

/welcome to Echo

I was in one of the opposing groups, but damn do I miss lounge groups.

TB12 - April 28, 2021, 3:53 pm

That was the charm. To be fair every group I've been in has been toxic, echo at least wasn't some sheltered clique, they would call you out to your face, not gossip about you in the SF, skype, or Team speak. I remember one time I joined the Studio teamspeak and immediately threatened to be swatted because I wasn't a part of their specific groups subsection. Literally a group about enjoying Media.
