Thread: [\\$0 to \\$10k \(30 Day Grind\). Would you follow my journey?](#)

Lorem Ipsum - May 1, 2021, 4:24 am

Update; My thread is live!!

<https://hackforums.net/showthread.php?tid=6151869>

Hello you all,

quick question for those who like to follow the "real deal" instead of ebooks.

If I had a 30-Day-Grind thread, posting my strategies and basically a journey.
Would you follow my journey?

Starting with \$0 and building my way up to (\$100, \$1k or even \$10k)?

Today is May 1 and I will finish May 31.

That way, I got (as I'm wasting today on content, designs and strategies) 30 days to make a profit.

Feedback is appreciated.

I would love to follow this journey buddy!

Always find threads like that informative and fun to read so for sure, also usually learn something new as well.

I'd love to follow your journey!

On a side note, I think I'd be also cool to have a subforum specifically for such journey threads. I love reading such stuff, because its both motivating and also educational (as long as it's not used by people to fake everything and secretly push their sales service/ebook or whatever ?)

I think you addressed the issue that is holding HF from such threads / subforum.

Too many members here only care about 1 thing; money.

E-Whoring their whole lives, buying ebooks and those who sell ebooks laugh their ass off.

I will make this as transparent as possible, without revealing my personal details or hurting my own business, of course.

All I said was I'll make a journey with the progression from \$0 to (hopefully) \$10k.
