Thread: [C++/Javascript developer required](#)

S Q U A D 2 - May 1, 2021, 7:14 am

Good afternoon ,

I'm looking to hire a C++/Javascript developer with atleast 3/4 years programming experience that is available for work - if your available, start convo and we can start discussing .

Thank you.

You opened a \$250 Auto-Buy contract without completing that.

Reply to my PM as soon as possible, or I'll have to cancel the Contract..
and leave you a negative popularity rating as thanks for wasting my time.

I will wait for 24 hours tops, after posting this.

Is this project still available? Let me know, I'm interested.
