Thread: [Bought Dark Souls Remastered Today](#)

Beherit - May 7, 2021, 12:44 pm

I just finally said fugg it and bought it on discount at G2A.

Still \$40 on Steam, and for as long as I can remember only DS2 and DS3 were ever on sale, DLC & season pass included.

The best game in the Dark Souls series and one of the best games ever, IMO. I need to buy the Dark Souls Trilogy on PS4

Yes, that's what I've heard and am very excited to start playing. Glad there's full controller support.

Exactly what I want to do since I platinum'd Sekiro: Shadow Die Twice on PS4 Pro.

but I'm waiting for a PS5 console instead to play more smoothly this Dark Souls Trilogy and Bloodbourne too. ?

Woah, you must be good to platinum that. I gave up on Sekiro around half way through after my luck ran out. That game is way too brutal

FromSoftware games are the hardest in the world. Sekiro so far is the best game I've played in the last 20 years since I'm gaming.

and you're not the only one. there are hundreds of thousands of gamers maybe millions who gave up on Sekiro.

It's just that you have to be very attentive while playing this game and you have to have a good grasp of the controller itself+you need to play many other video games on the console to beat this game in my opinion.

and unless you learned how to parry and attack which takes hours. you should not proceed further in Sekiro.

I never played a Dark Souls game before but I am really curious about the challenge

Same here and the challenge is what's stopping me from buying it lol. I feel like I'll get hooked to it in no time and then there will be countless hours of gameplay and rage, trying to beat all the bosses ?

I'll definitely get it tho, but not now cuz I'm pretty busy these months.

Yeah, I managed to get both DS2 and DS3 for \$10 on steam like a year ago. DS2 & DS3 are always on sale, but DS1 is never. Not sure why that is.

Get it on sale if you're unsure. I highly recommend everyone to experience a Dark Souls game once in their life.

Dark Souls 2 was my first Souls game and it's supposedly not as good as the first or third installments, but I've had a hell of a time on it.

Yeah, I can guarantee it will get you hooked! It definitely needs your attention when playing; no distractions!

It's always so satisfying though when you overcome the odds and achieve victory haha

Yeah I'll probably grab it when it's on sale, I'll start with the first one

The Dark Souls trilogy for PS4 is going for a good a price on eBay. It has all 3 games plus the DLCs

If only I could get my hands on a PS5 and then just buy them all.
