We sell many things on our server, it's like showcase look #discord

opsplayer - May 8, 2021, 3:23 am

Posting for later, if enough vouches ill purchase.

flavoral - May 8, 2021, 3:30 am

You can't post discord server links/invites.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

kawaii - May 8, 2021, 9:03 am

Do NOT post links to Discord servers on HF.

darkair - May 9, 2021, 1:04 pm

i thought this was a tool LMAO, you're just selling a service?? why do you do that on discord? use the contract system and sell it here

Evanescent - May 18, 2021, 8:02 am

I hope you add FB and Twitter as well, I'd use FB the most if you add it. GLWS.

Vouch for Master93! I contacted him on telegram and he offered to ban the account before payment, took a little over 24 hours but none the less he got the job done.

Edit: He also banned my victim's Facebook free of charge. This guy is the real deal.

Is this service still up and running? I'm looking to get 2 IG accounts banned, combined followers no more than 2K but they've got no 'personal profile pictures' just some videos and someone else being impersonated.. Can you help?

Master93 Scammed me twice in the same day and tried a third time....pretty clever! I blame myself because I should've did a contract but if you'd like video evidence showing every interaction... From clicking on his ad to his telegram to every conversation. First he sent me a btc addy (which he owned) and then edited it and replaced it with another so that it would seem like my mistake. After I show him that he edited he admits it and says that he thought he did it quick enough. I sent \$300 there. Then, he claims that he's a reseller and he's so sorry etc. He sends me another address. My dumb self sends 250\$ more (minus his alleged \$50 resell fee) to the new address....after he claims he didn't get it... I check the good ol blockchain. He sent the 250\$ to the address that he "mistakenly" sent me the first time 18 minutes after the transaction but claimed he never received and that he didn't know who the first address belonged to. Then he claimed he must have a virus or rat that was switching his addresses...except he also sent me a screenshot of his btc address not just some clipboard text that could be subject to such rats.

But @Bangigz (Telegram) and Master93 are one in the same and is currently scamming

For video evidence hit me up on telegram: @TheFounderMTG

I'll take a IG ban if you're able to go first it has 2999 followers.

We can do it via contract but I wont be going first due to previous reports.

Let's bump this thread finally...

Stanley - *March 1, 2022, 5:05 pm*

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
