You need to kill 1 Zombies to max out your Gun
to make sure shoot atleast 3-5 but 1 should be enough and get you to level 1000 already

THis will automatically level you up to 1000 without messing up your stats, kd, and win ratio like other lobby services do for the dark aether.

You will unlock every single item on your weapon and get most camo's however to get dark aether it takes about 30min-1hr lobby due to not being able to set the xp too high because you risk a ban. if you are ok with risking a ban i can make it happen in 15 min but safest option is 30min-1hr lobby
The process is %100 safe and your account will not be banned !

Question and Answers

Q: On which platforms does it work?

A: It works on any Platform

Q: What's the ban risk?

A: The ban risk is very low, done a lot of accs and no one got banned.

Q: How i change my Weapons ingame?

A: change them by class or picking them up from map/mystery box in 1 shot you unlock everything for the weapon

Dark aether 30min-1hr lobby - 60\$

10 min lvl 1000 unlock everything lobby (challenges and most camos but not dark aether) - 30\$
this will unlock for every challenge in zombies and mp leaving you pretty much right at the top to unlock dark aether after few days playtime in mp if you dont want to spend the \$60

ONLY DARK AETHER TAKES LONG LVL 1000 AND MAX CHALLENGES AND GUNS
UNLOCKED ONLY TAKES 5-10 MINS. DARK AETHER MUST TAKE LONGER TO CHANGE
YOUR STATS TO MAKE IT LOOK LEGIT TO MINIMIZE BAN RISK. HOWEVER I CAN MAKE IT
HAPPEN QUICKER IF YOU DONT CARE ABOUT BAN RISK.

i can also boost you to the top of the leaderboards and make it look completely legitimate i have been doing this service on game cheat sites for almost 9 months and havent had 1 ban

Payment Method: cryptcurrency only (btc,ltc,eth)

If paypal is your only method you have it can only be from trusted memebbers (ub3r,l33t) and must be family and friend and is 10 dollars more than paying with crypto.

Would you do a vouch lobby for like 5 minutes? Just long enough to level up real quick, can pay \$5 venmo or PayPal
