Hi bud, there are no vouch copies available, at least for now. Two copies are already sold, I'll ask for the customers to post a review.

If you have any question feel free to PM me!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Thanks for the answer. I'll probably purchase in the future. How long will this be available?

A Review of the guide:

1. At the start i was really anxious about purchasing a guide in the first place. I've been having issues with cashapp which made me stop using it entirely as a payment means. To be honest, it was

a pleasant surprise of information that i didn't know before. Since i started using this method i've had no single failed payment on cashapp.

2. Whenever i had any question i was quickly assisted by linyah. He is really active, super helpful and straightforward.

3. This guide is worth every single cent/penny you will spend on it. Grab it while it is still there! This is the best method so far on HF to avoid failed payments on cashapp. It's super accurate and readable content.
