Thread: [Products Discount Store | Save 50+% on everything you buy | Custom orders | UK TO WW](#)

VGM2021 - May 12, 2021, 9:43 am

Hi everyone, I hope you are well. I am running a product discount store where I will get Items on request for you and ship them to you or ship you products I am already holding in stock. All orders come from UK but I can ship Worldwide for extra.

All orders will be in your given name and you will receive full tracking from either MyHermes or Royal Mail. (free delivery)

Items I can get:

Anything from JDWilliams or Beauty Bay.

Discount: 35-60% depending on the item (electronics like iphone 40% off-ish)

How it works:

If your item is in stock I will ship them as soon as possible and you should receive your order in 1-3 days (can do your given delivery option if you want next day deliver)

If the items are not in stock I will get them in 3-5 days and ship them to you as soon as possible.

Will be interested in this. Do u provide real proofs that it's shipping from your warehouse and not from the site? And you okay with middlemen holding money until I tracking shows delivered?

Yes of course as I said I provide tracking from MyHermes or Royal Mail and you can see its not sent by company or I can screenshot the receipt when I send the items.

I'm definitely fine with MM holding the money.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Seems pretty good man, can you hit me up about a custom order from JDWilliams? Switch and games basically, just want to go over the details.
