Thread: [Prepaid Card for Bitcoin](#)

Fountain Of Youth - May 13, 2021, 5:42 am

Hi Guys

I am looking for a working prepaid card [Visa/Mastercard] in US Dollars, with no monthly fees that can be used to shop on websites. It must work in any country.

I have Bitcoin, Bitcoin Cash to purchase it.

Please advice

Try having a look at Crypterium

campusminger - May 13, 2021, 6:07 am

I heard bitpay is good.

Knew one guy who often used to talk about it.

Use kinesis virtual debit card accepte bitcoin and ethereum very good work world wide no monthly fee and 0.5%fee on transaction the card also you get it for free once you verify your account.
<https://kms.kinesis.money/signup?referrer=KM13502045> use my ref:) thanks
