I'm interested in this but could you be more specific? What exactly does this mean, does it mean that you'll be able to increase your story views? By traffic what do you mean? Judging from the video you've sent as proof, I can only see people adding but what do they do? Are they legit people and do they interact e.g View your story etc?

More people will be able to see your story, which will be the case - I mean, that adding people from the app, linked to Snapchat, makes it easy to find potential people to add on Snapchat. It works really well. It is 100% legit people, there will be some fake profiles, but tell me where you can find an app without any sort of fake profiles, however, I added more than 500 real women and can also be used to find men or both genders.

Vouch for OP, the price is next to nothing for the info he gives. Yes you will need to put a little work in but its the bigger picture that matters! I will give update in a weeks time with how the method has helped my business.

Nitr0x - May 19, 2021, 11:15 am

1. Because I give an explanation with the app, how to set it up, best practices and tips to use it most effectively.

2. Any idea / product / projects can be found publicly available. Why do you go and buy a t-shirt, when you could in reality just make your own?

- You pay for the fast track, and lets not get ahead of ourselves here, I ask for \$6, am I robbing anyone? No. I am helping people learn about apps and how to use them properly, for mere \$6. You pay to gain access to the information immediately, so you do not have to sit and spend your precious time on looking for it online.

3. If we took your words into account, then we should not be selling 90% of the products that are currently flowing on Hackforums.

*EDIT: Found out you are selling similar products to me, and you are just coming in here to trashtalk. What a hypocrite. You are selling products for \$150+ which are things you can learn in 2 seconds on Youtube. However, my product, I actually provide consultancy with it as well, not just a "process".

Yes, the method is very simple and just with one E-whore sale, I am pretty sure that you are going to cover any costs from this. Let me know.

Stanley - October 29, 2022, 10:13 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

is it still working?

Aliasllias - July 23, 2023, 11:27 am

Do you need to redirect people manually to your snap or is it "automaticly" after watching the adds?
