I would love a vouch copy if you would give me one. Would write a great review!

You will need some aged youtube accounts. If you have some and if you are ready to test it straight
away without 1 month bullshit i will give you a vouch copy.. :)

I guess you will be needing a little 100 to 1000 accounts depends on your needs for your upvotes.

tiktoker - May 29, 2021, 9:56 pm

Yes, you will need more than 1 account. Even 1-3 years aged account is good. The likes wont count
if the accounti freshly created... Let me know.. And around 100 accounts is enough for most videos.
You can still get decent amount of traffic.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page
and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP
(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for
each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first
post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

It works only on windows machines.. You need proxies and accounts, correct. Regarding the proxies it's not really that much important. You can buy cheap decent speed ones but account source will be revealed once you purchase the program.

How expensive are 1k accounts? and proxies for it? approximately?

I bought this bot 3 days ago and the owner said that he tested it and it works. I bought 100 accounts for 350\$ and also proxies but unfortunately there is a bug now with the tool and it doesn't work. Let's hope the owner fixes this asap...

That is the problem with these sellers here, they will say all nice stories about their products and at the end of the day their products will have problems which they can't resolve

Yes it's kinda sad. I am still waiting for the owner to fix the issue. He said it was caused by the Accounts being too old (from 2016) and now he is coding a software that makes my accounts watch movies.

The owner told me the software is going to be finished 2 days ago. I haven't heard from him since...
