Imma make this short and sweet this user --->

<https://hackforums.net/member.php?action=profile&uid=504910>

Him adding me his discord ---> <https://prnt.sc/12zgmwb>

Him still not messaging me on-site and blocking me ---> <https://prnt.sc/12zgguh>

his unique ID -- > (651652078611071026)

Not saying it is Grim cause i highly doubt it by just looking at his profile but do have to add as soon as i messaged him on discord off the discord linked to his profile i got blocked same time look at previous block ss pic --> <https://prnt.sc/12zgwne>

I'm just cautious when dealing whether that be buying or selling so glad no telling what the imposter was going to scam me out of honestly and hope this saves someone else in the long-run.

Idk who is Grim but someone contacted me on skype with username "money.xchg" and profile named Grim, i instantly knew he is a scammer as he contacted me on skype directly out of the blue after i posted a exchange thread.

Clearly a 12 year old lonely nerd with nothing else better to do with their time. Thanks for the alert, OP
