Thread: [\[1 COPY LEFT\] MY PRIVATE \[BRAND NAME REMOVED\] METHOD - RARE BANS/SHADOWBANS - MANUAL](#)

chase - May 16, 2021, 2:38 pm

Hey HF! I have decided to sell my working method for [BRAND NAME REMOVED]. This has been working for me since i have found it late march after 100+ hours of testing various methods and spending hundreds of dollars, from MY OWN testing i have found that [BRAND NAME REMOVED] is completely dead on PC/Emulators.

I personally have never purchased a method on any forum because i am afraid of taking an L. lol

Since i have found this method, i have accumulated thousands of adds on multiple snapchats. My [BRAND NAME REMOVED] accounts RARELY get banned/shadowbanned, this only happens if i have a bad number, if you accidentally use a previously banned snapchat or if you open [BRAND NAME REMOVED] when you don't have your proxy enabled.

My [BRAND NAME REMOVED] accounts can stay up forever if i don't delete them or if i don't get reported.

This method requires another \$100-\$200+ investment (not including proxies and SMS)
I won't say what it is, but i will tell you that it's specific mobile phone. so NOTHING illegal! you will have to do your own research for that device, i bought mine off ebay for \$140 and have added more devices to expand the adds.

Things you will get with my method:

- The kind of device you will need to purchase
- Step-by-Step guide on how to do the method (VERY EASY, EASIER THAN PC/BROWSER)
- The proxy service i use (MANY people do not like sharing this, i'm not that person!)
- Support

How much i spend per month for the method:

\$80-\$115

same as usual, Proxies and SMS (i have not tested cheaper services)

Price for my method:

\$400 LIMITED COPIES. Not selling forever so [BRAND NAME REMOVED] doesn't get over-saturated again.

1/4 COPIES AVAILABLE.

Accepted payment methods: BTC, ETH or LTC.

There are no Vouch Copies, i already offer a service for [BRAND NAME REMOVED] adds with my method. so that's your proof that it works.

Proof that my services and method works:

[Pictures \(conversation with client\)](#) - Link

[Screen recording of my method in action](#) - Link

[Screen recording of snapchat adds \(161 adds within 5 hours\)](#) - Link

I have personally found much success in this method, i now manage onlyfans models because this method is so OP :)

Also, here's a big FU to those who did not help when i did ask for help. My [BRAND NAME REMOVED] method is better than yours now. cry about it.

is there a refund policy?

There's no refund policy since this method is the most basic manual method, it won't be patched by [BRAND NAME REMOVED] anytime soon

You have 1 contracted customer on that thread. Said customer is a new member with low post count/ rep and the review left by the customer was not a good review either. This isn't very good "proof" that your method is working. GLWS

it's because their model wasn't the best.

Model is key, it's not my fault most of you have very ugly and catfish looking models.

yesterday i was able to convert 300 adds in less than 12 hours with another customer (not on this Forum.)

My method works, you can create unlimited [BRAND NAME REMOVED] accounts and pick any location you want. Why would i offer a refund if it works? that makes literally no sense. most of you scam on this forum so i'm not surprised that that's what you look for, is refunds. especially for [BRAND NAME REMOVED] methods. actually talk to me and ask for MORE proof that it works before commenting BS on my thread. thank you.

Edit: i have updated my thread with proof that my method works and how transparent i am with my service.

- l33t account with barley any b-rating or reputation
- one negative b-rating that says: "his [BRAND NAME REMOVED] traffic service is trash !"
- refusing to give any vouch copies "because you already have a traffic service here"
- that mentioned traffic service barely has any sales and the one sale that it got is completely negative
- method is \$400 yet you claim that it's "the most basic manual method"

This is hilarious. So many red flags here, yet you're completely refusing to give any vouch copies - even though you have 0 reputation.

keep complaining, HF users just want free stuff most of the time and then leak it on other forums. "oh but it's free information"

I'm vouched and repped higher on another forum, so i really couldn't care less about your opinion. The red B-rating was because that user doesn't know how to convert traffic into buyers. I offer a whole [BRAND NAME REMOVED] traffic service, so my method CLEARLY works. now go use the botting methods spending \$10+ for 100 adds. Imfao "so many red flags here" boo hoo.

Trust me buddy, I'm pretty good when it comes to traffic, and I'm definitely not interested in your shitty manual method. I just think it's funny how someone with absolutely zero reputation in the community refuses to give vouch copies, talk shit to others when criticised instead of actually give normal arguments, and uses his shitty "traffic service" with 2 customers as "proof". Oh, and I couldn't care less that you're "reputable on other forums" ???

Listen kid, if you ACTUALLY knew what you were doing you would've responded normally to my arguments. Instead you completely ignored them and tried your hardest to "flame" me.

Anyways, after this pathetic childish comment that proved everyone that your age is probably lower than 15, there's nothing I can say but wishing you good luck with sales - you'll need it.

You haven't tried out my services, not sure why you're coming up with a bunch of assumptions. my methods work, and they're not free. (cry about it) i don't care about vouches and i never have. if they don't sell, who cares? i don't care. i have money. i have my own business. i work 15+ hours a day on multiple things. you sound overly upset over nothing, probably because you just want free stuff. that's sad. now again, go use your own method spending a bunch of money to gain a few adds.

Edit: you're the biggest b*tch on this forum for neg repping me just because you cannot afford my method. you are absolutely insane. get help.

telly - June 14, 2021, 6:41 pm

so whats the reason for not giving vouch copies? if you gave them out your method would actually be reputable and have vouches

I would highly not suggest to deal with OP. Take in mind he replies with a negative attitude what makes me wonder
what would happen in case you need him after the purchase.

please point out the negativity, i'm just stating facts and defending myself while the rest of you make assumptions on a service you never tried yourself.

It's funny because you accused me of bad trash talk your thread when I just told the forum

members to wait until I got the vouche copy, when you're literally REALLY trash talking another guy's thread. What a joke...

By the way, I'm still waiting for either the method, or to get my money back.

I'll open a dispute today if you don't act.

Nope, i've been purchasing additional devices for every new OF model i manage. i have never had to purchase another after a [BRAND NAME REMOVED] ban. you're 100% safe from a IMEI ban.

i can get around 150-200+ adds with one [BRAND NAME REMOVED] a day. really depends on the model.

it doesn't require buying [BRAND NAME REMOVED] +

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
