Quote: Prolific manga author Kentarou Miura, best known for creating Berserk, died on May 6 due to an acute aortic dissection. He was 54 years old.

"We would like to express our utmost respect and gratitude to Miura's works and pray for his soul," reads a brief obituary posted by Hakusensha on Thursday. The publisher thanks the readers for enjoying his works. The funeral was held by the family.

Tragic. He never got to see his work get completed

neightworks. - May 20, 2021, 4:06 pm

What a century to live in.

metamorphosis - May 20, 2021, 4:10 pm

He died so young, RIP to him man

Lyrlei - May 20, 2021, 9:52 pm

I guess that's a rip to Berserk, I hope they still pick this up.
