BONG TOKEN

Do you blaze the good herb from a bong? I created a discord server for users to talk about the creation of a erc-20 token that will be 420 community hosted on a discord and soon other socials. Currently we are working on designing the Bong token and launching it on the Ethereum Rinkeby test Net. Our community will have channels for cryptocurrency talks and chatting.

chat Zomblarz for the discord server link

Let me know what your ideas for this token are!

Schedule:

Launch Discord server - 5/23/2021

Launch erc-20 token on testnet- 6/1/2021

Launch future social media platforms - ...

launch erc-20 token on mainnet - 6/15/2021

what does this coin do? people who buy it are potheads?

Zomblarz - May 23, 2021, 2:05 pm

The token is still in development so there is no use case yet. The buyers will be potheads hopefully!
