Hi PitbullT0r,

I had E-whored back in 2016 using Kik as the medium and Reddit for traffic. I am lost now, have no clue where to even begin! I have collected a few E-Whore pic pacs, but frankly they are pretty mediocre. I would absolutely be thrilled if you could help me get back in to the game. Please let me know if you have time. I could also forward some of my earnings to you after the setup is complete.

Thanks,
GodOfBSD
