Thread: [Any manga recommendations?](#)

Valkoar - May 25, 2021, 2:15 pm

Just switched from anime to manga. Ive been really enjoying solo levelling and beginning after the end. Also just started reading Tokyo Manji Gang

Do you guys have any recommendations for me? I prefer if it was in full colour but its fine if it isnt

Well its my profile pic so I have to recommend it; technically its a Manwha. Please give The Breaker a read, definitely a fun ride.

Another one of my favorites is Claymore kinda dark but really good. Honestly there is so much I could recommend but I'm sure others will have a strong list for you.

I only have Berserk and Resident Evil.

Berserk was fun, but Resident Evil is just good if you really like your Resi i think.

I heard about Claymore a lot in the past so thats where im heading next.
