I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

just wanted to give you advice, 99% of this services are scams unless he mass report the account or SE the account owner to publish something against IG rules and in this 2 cases you can do it by your self

first mass reporting :

buy about 1k ig account with cookies don't buy it login and password
then with some knowledge in python you can make mass report tool or it might be already on github

small tip : you can ask any botnet owner who have good amount of bots to do this task for you

and for SE humm you should find your way easy just take a look to IG rules and you will find out what he should publish to get banned and start leading him to do so
