Thread: [\[\\$500+/DAY\] \[BRAND NAME REMOVED\] Botting Method \[200-500 Adds/Snapchat Account\] Spam your Username!](#)

Limitado - May 26, 2021, 12:18 pm

Greetings HF Members! I hope everyone is having an amazing day.

(Jun 4, 2021 11:56 PM)taap Wrote: [\[CITE\]](#) Results from my most recent run of the method. It was very successful!

Today I bring you my [BRAND NAME REMOVED] botting method which I've been using to get 300-500+ adds per snapchat account!

With this method you'll be able to easily spam [BRAND NAME REMOVED] with your snapchat username, with minimal delays between account creation (seconds).

The days of running manual [BRAND NAME REMOVED] profiles with phones & emulators are over. Stop wasting your time making [BRAND NAME REMOVED] profiles to wait hours for your adds to slowly drip in, losing money and time when your account gets shadowbanned, just to have to start the process all over again.

It's time to automate things, enough of the manual labor!

Price: \$325

[\[contract=tid\]](#)BUY NOW[\[/contract\]](#)

Discord: Delight#9045

We are going to be using a bot in order to automate the account creation/matching process! You are going to need an additional \$100 to get started with this [BRAND NAME REMOVED] botting method, this will be enough to cover:

- BHT [BRAND NAME REMOVED] Bot
- Proxies
- Numbers
- Captcha Services

You are responsible for making money from these adds, I am only selling you the method/settings to get these adds on your Snapchat. However if you need help with the monetization then I can help you with tips/tricks and guide you to the right path.

Keep in mind you don't even need to Monetize these adds yourself! You can sell Snapchat Adds/Traffic right here on HF. Here are some sample threads:

<https://hackforums.net/showthread.php?tid=6084729>
<https://hackforums.net/showthread.php?tid=6149843>
<https://hackforums.net/showthread.php?tid=6149964>

If you have any questions, message me on HF Convo or Discord: Delight#9045

Tos: Spoiler ([Click to View](#)) - You will cover startup costs (bot, proxies, numbers, captcha, etc)

- All sales are final, however the method is guaranteed to work upon purchase or you are refunded in full.

- No leaking, sharing, reselling or group buying.

Update:

Vouch for OP and his method, he guided me through the entire setup and I made about 15 tokens. So far I've received around 250+ adds from the 15 tokens alone, my accounts are also alive so the adds are still coming through.

Bought this yesterday. Delight has guided me through the entire setup. Will update with results.

EDIT:

I can vouch for this method. OP is very friendly & helpful. He guided me through every step and answers all questions (Im completely new to this so theres many questions lol). Encountered few problems but OP didn't leave me hanging, instead he helped me solved all issues.

I invested \$100 and can confirm that I'm getting good results with this.

Limitado - May 27, 2021, 6:28 pm

Edit: I will be increasing price to \$425 tonight so message me before then to take advantage of lower pricing!

Carmellan - May 27, 2021, 10:13 pm

So this brings you adds while you jerk off? That's some powerful shit.

Do I need some prerequisite knowledge before I get it?
Is it available worldwide?

Consider me interested for your 325 deal, as I'm looking to purchase a method or two before tonight (or maybe tomorrow, would that be a problem for the deal?)

Thank you kindly

skrilla - June 2, 2021, 5:28 pm

so how many adds are you getting per account on average with this method

Limitado - June 2, 2021, 5:38 pm

(Jun 2, 2021 05:28 PM)skrilla Wrote: [\[CITE\]](#) so how many adds are you getting per account on average with this method

There are various factors that can affect adds: Location, picture quality, type of bio, etc.

On average Im getting 25-50 adds/token. Ive had a customer setup today with 9 tokens already hit 300+ adds.

Remember your responsible for monetizing the snap once the adds come through.

taap - June 4, 2021, 11:56 pm

Update: Method worked for like a week then got patched. Delight has posted on this thread that he updated it to increase life span of the accs, but never gave me any update. I've pinged him 2 months ago but no response. Now he updates that the method works again, but he yet haven't responded or updated me.

This is working again for anyone that is interested in [BRAND NAME REMOVED] traffic

Navos - September 4, 2021, 11:22 pm

Is this legit?

You still have one pretty recent open dispute which I don't think you responded to at all.

Fi?is - September 5, 2021, 2:35 am

So I'm going to take advantage of this great opportunity Delight is giving me to give it the review it deserves.

First of all, he has a dispute opened with me, here is the link:

https://hackforums.net/contracts.php?action=view_dispute&cdid=552

(He came yesterday by mp asking me my btc addy to refund, but no refund have been made)

Here is my opinion about his "great method" [BRAND NAME REMOVED], being myself a traffic provider (see my signature): his method has nothing to envy to all the ebook crap that guys like trappy try to sell you.

In short, his business model is to sell a method, whether it is saturated or not, he will make money with yours.

About the member : the only positive point is that he is always friendly, he scams you with a smile, and that's cool.

The other points are less positive, like the fact that he is part of a masked scam with his sidekick Lios, or that he promises you everything without ever putting actions on his words.

About the [BRAND NAME REMOVED] botting method itself : It sucks. The method was saturated in less than 2 weeks, as a result he kept selling it only to have unhappy customers. You'll lose less money trying hard by yourself than buying a method that a child of 10 could have found.

Note to the OP: I won't make the mistake of taking a refund for your method in exchange for removing my vouché like I did for Lios, you really deserve to get shit on when I see your lack of professionalism.

Refund my money for the actual dispute. And good luck with sales ?

First to start of with; when you purchased the method you know it could get patched within 3 days, 5 days, 1 week etc. This isn't something I can control. We even included this in our contract.

“ This method should be at least working for 3 days (May 29th). If it gets patched before anytime sooner, then seller will refund the full amount of \$325 to the buyer.”

Yes you did ping me 2 months ago, as you can see by my thread it was CLOSED for the past 2 months since I couldn't find the solution to the [BRAND NAME REMOVED] problems. I've only just recently opened it after working on [BRAND NAME REMOVED] for the past 2 weeks.

(Sep 5, 2021 08:00 AM)Driz Wrote: [\[CITE\]](#) You make \$500 a day with it, but selling the method for \$325? Damn.

I don't claim anywhere that I earn \$500+ per day? Lol. I'm not selling a money making method, I'm selling [BRAND NAME REMOVED] adds.

Yes it's true there is a dispute open between us right now for something unrelated to this thread.

All I've got from your post so far that has to do with this thread is that the method got patched within 2 weeks, which like I said above isn't my fault. [BRAND NAME REMOVED] is very volatile and I can't control when it will update and fix the spamming?

Edit: And yes like you said I did message you yesterday regarding our dispute so that I can refund you, before opening this thread. Was waiting on your PM with your address to proceed with the refund.

Edit2: Refund has been sent for the deal unrelated to this one.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
