Thread: [\[WTS\] Otohits \(19 803 915 Points \) HitLeap \(202,018 Hits \) 10khits \(348,754 Points](#)

Points and Accounts

- 1) <http://10khits.com/> (348,754 Points)
- 2) <https://hit leap.com/> (202,018 Hits)
- 3) <https://www.otohits.net/> (19 803 915 Points)

Its been a long time since I kept these accounts. Its my personal account not cracked or so. I used to have several bots or instances running for them on cracked RDPs especially Otohits and the others.

So I am looking for an offer or just an idea on what or how I can monetize them besides web traffic.

Besides , aren't the traffics fake or garbage from these sites anyways?

Might be interested in the hit leap. Not familiar with the other two. Is otoh hits higher quality traffic, or are they all just bot traffic?

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
