Private Greyhat Method

Earn \$400+/Day With Minimal Work - Crypto Payouts

Hey Hackforums, I have something really special in-store for a select few members. I am going to be releasing my private greyhat method which is easily capable of steadily earning \$400+/day with minimal/low work. Firstly, I want to mention that this method is greyhat but does not include scamming or unethical work and there is no risk involved. For this method you will need an internet connection and a \$40 investment, that's literally it. It will take you around 4-5 hours to set this method up but you will start earning immediately after setup without any down time. After this, the method will require around 30 mins per day to maintain and the work is simple steps that don't involve any guessing or difficult work. Expect around \$100 per day for your first week before your earnings fully scale to the \$400+/day mark.

This method can be done from worldwide without any issue and payouts are via PayPal, Bank Transfer and BTC. My only concern is that the method can be saturated, so I'll be selling limited copies to select members that I deem trustworthy. Upon payment, you will receive a package included everything you need to start earning with this method. You will also be promptly added to our unique discord server where we will work alongside eachother to make even more improvements to this method. This is another reason why I'd prefer to only sell to select members. I'd love to work alongside bright sided members so that we can potentially make this method even better than it already is.

This method does NOT include: Website Creation, Ads, Referrals, Surveys, Spotify, Trading, Gambling, Twitch, eBay, PPC/SEO/Marketing, e-Commerce, Dropshipping, Amazon, Fiver, Creative Work or any other typical low quality known method.

WHAT'S INCLUDED:

Private Method - Guaranteed Earnings (\$400/Day)

Discord Server Access

1-to-1 Support

Full Refund Guarantee

ENTRY COST:

As mentioned, I will be selling limited copies on a case by case basis. If you are interested in purchasing or have any questions, kindly reach out to me via Discord or HF pm.

Slot 3 - \$240

We have a member earning as of right now, this is no surprise considering how easily I've been able to execute this method in the past. One is finishing with setup and the other said he will get to it later when he's free.

Perhaps I'll drop out a vouch copy to try and get a review for the thread but it would have to be someone extremely trustworthy as I'd want them in our discord group as well. We will be closing off shortly regardless as there is plenty of interest for the remaining 2 positions.

If you truly are thinking about giving a vouch copy out, look my way, I've been on HF a long and consider myself very trusted. Furthermore, I'd be more than happy to get a quality review written and posted in your thread as soon as possible, including images, etc. It won't be a short vouch like "legit method works thanks", I will actually put a lot of effort in for you. Let me know.

At least look at the contracts before making up such a poor comment. There is more than 1 member on board.

By your logic, you wouldn't be eligible for the method either *facepalm*. I ask members for experience outside of HF because I'd prefer to have critical thinkers on board that can help find ways to make the method more efficient and profitable.

I have never seen this method before and it does seem to work. There are a few different methods included that are similar each with their own scalable income. While I am only using one method that says can be \$250/day, it will really only range from maybe \$100-\$200 depending on circumstances I cant control. I do not mind though because if I can continue this, the method will have paid for itself in only 1-2 days.

I bought this method and can certainly see the potential however, Due to my timezone, this method is unusable. I've talked to OP on discord about it a bit but he has stopped replying :(

If your from a good timezone (EU/USA) this method is great, but unfortunately for me it just doesn't work.

If I was in the right timezone I could easily earn from this method.

Hopefully for a refund but doubtful it will happen.

You would have to be around at night if you're not from around a US or EU timezone. This may be a drawback to some since it's obviously not ideal to be executing the method at night. Optimal times for this method is 10am-9pm EST.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
