Thread: [Need \\$1k+ Weekly Venmo -> BTC Exchanger](#)

HERMES - May 30, 2021, 11:06 am

Looking for somebody who can exchange Venmo for me consistently at a fair rate.

I already have people who can do Apple Pay, BTC -> CashApp, etc.

But all of my connections for Venmo -> BTC seem to not last long term.

If you can do other exchanges as well, that's a bonus but for now I already have them in place.

Currently Have: \$1,250 in Venmo.

Need: BTC - Fair %

Can do in small transactions, which I prefer. ?
