Thread: [PRIVATE Google/Bing Ad Budget Draining AMAZING FOR BUSINESSES! NEW USER CONTR PANEL](#)

ZeLizzard - June 3, 2021, 7:38 am

Private/Limited Slot Google & Bing Ads Competition Removal - Exhaust competitors off your keyword

Drain any and all of your competition's budget while excluding yourself and staying on top
Perfect for those who run Adwords Campaigns or Businesses who want to be the only ad!

Google: 8/10 Slots Filled - Will update via post when all slots are filled or if slots open after being full.

Bing: 2/10 Slots Filled - Will update via post when all slots are filled or if slots open after being full.

THIS IS A FULL SERVICE! ALL THINGS NEEDED TO RUN SERVICE ARE IMPLEMENTED INTO OUR SERVICE PRICING!

Any and all sites not excluded for the keywords you provide will have their adwords balance exhausted completely.

Larger companies may take up to 1-2 months to fully clear keyword (typically only for sites spending 6-7 digits on ads per month)

Traffic will bypass cloudflare/custom click protection sites.

There isn't a click protection service we don't bypass with ease!

Have plenty of proof of past campaigns, however, to keep privacy high please contact via pm/im for proofs.

Can target keywords for local keyword targeting if need be, can accommodate almost if not, any location.

A thread is a single window of its own with its own ip/identity and other cloaking features.

Not sure how which package you need? Check your keywords. If you see a bunch of sites/high budget ads you would need a higher package.

The higher the package the faster the draining will happen, thus it is usually needed for high budgets/complete wiping the board of ads.

If you would like for me to check your ads, I will check 1 keyword for you to give you an idea of your ads competition

Interesting service. Is this service available for google adwords or open to all PPC network? Also isn't there any safeguards installed by google to stop fake clicks from hampering an ad campaign? What would be the rate of success of getting competitor off the grid?

It is focused on any ad that shows up via google.com whether shopping or web search ect. There are many anti false click sites that offer protection but we bypass them all, I laugh when I see someone has added a protection that has already been coded for in the bot. Depending on keyword difficulty and your budget, millions can be exhausted leaving you the only one on that or those keywords. Edit: Also, it may take a few weeks or even 1-2 months depending on how highend the keyword is but yes, you can scare everyone away with this service.

Can you explain the different thread settings? What prevents me from buying the cheapest low tier thread from a high tier thread. Are high tiers for bigger keywords/budgets?

A thread is a single window of its own with its own ip/identity. If you are trying to check budget, just look at how many ads are on per page, if youre seeing 3+ ads on top and bottom of first page check next til around the 6th page. If they are filled, and or have multiple corps/high budget spenders

The pricing on packages has increased/changed due to new requirements of fresh feature addons, I will update when I am able to on main post.

P.S. Support will be at a slow until near the beginning of November, however, we are still operating.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

Nope, sorry user above had their issue resolved haha, service is repped on many sites and I don't plan on revealing any info that isn't already posted for security. If you don't trust the service, its very simple just don't purchase.

ZeLizzard - September 22, 2023, 9:12 pm
