Justace - June 3, 2021, 4:59 pm

The UEFA Euro should have been held at 2020 but due Covid it was delayed for 2021.

The EURO will be from 11 JUN 2021 to 11 JULY 2021.

For that period we will aim to make as much money as possible betting on the outcome of the games.

We will be providing tips each day and help our customers win.

The tips will be sent daily at our group. Those tips will be available for betting on each major betting website.

The price to have access to our tips will be \$150 (For the whole EURO 2021). If you want to preorder (before the EURO starts on JUN 11th), you can join for just \$100.

Accepted payment methods are: BTC/ETH/LTC/XRP/DOGE/BCH

"Our Winnings"

Everyone can look like worlds best tipster if they only show their winnings, you gotta show us your "latest results"

Can't pm you.

Please can i have a free membership?

If you're not betting recently then the claims you've made of your winnings aren't worth much, your overall results doesn't depend on the EURO games - they are your OVERALL results, your profit/loss. 7 wins doesn't mean you've had 7/7, you could've had 7/93 overall.

That's why I'm offering 5 free trials. To prove my skills.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
