Thread: [How to prevent snapchat permanent locks?](#)

AZA-2000 - June 4, 2021, 1:40 pm

Anyone have any strategies for these?? Seem to happen when I have a lot of traffic coming in... I kept getting locked constantly every like 10 minutes today... after a few times they just straight up permanent locked me :(

300 per account max

..

1. Put your story and settings so anyone can message you.

2. Don't add everyone back. Only paying customers etc.

Should be able to avoid locks this way.

300 adds per snap. Split them up.
