Thread: [Got a partnership with a millionaire](#)

chase - June 7, 2021, 7:09 am

Last november i was offered a partnership in a business from a local millionaire. A friend of mine told him my vision without my knowledge whatsoever and then he reached out to me to offer me. I of course accepted it and now i'm going to college soon for business.

I was absolutely broke last spring, but the two things that had changed my life is Bitcoin and this partnership. Life is good so far, just cannot wait to get started.

Nice man, always remember that if you ever show someone love you deserve it back, if you ever take a loss you can earn it back, never slack, never overreact, let your money stack, look at where you're going and where you're at, you're going to get there if you work hard, when you make it you get exactly what you worked for.
