Thread: [Goodwill Monday 2021](#)

Omniscient - June 7, 2021, 10:11 am

Did you remember that today is Goodwill Monday? It's an official HF holiday. It's the first Monday of every June. It's a day to celebrate the beginning of the summer. Your task is to spread good will with Popularity and Quick Love.

So happy holiday to everyone. I'll be clicking a lot of QL today and giving out some Pops too. Hope you do the same. Put a smile on someone's face.

I actually didn't know this, but seems like a good idea @Omniscient@.

I usually don't give out popularity points but I'll be sure to give the maximum amount of positives that I can today :)

A Nobody - June 7, 2021, 1:33 pm

Just threw out 27 quick loves, updated a ton of +1s to +3s, and gave out as much popularity as it

would let me.

Happy goodwill Monday y'all.

Edit: All 120 or so reps I had given out before ub3r are now updated to +3. 155 +3s in the book now, woo!
