Thread: [\[HUNDREDS \\$ DAILY\] #1 MONEY MAKING MENTORSHIP \[CUSTOMER VOUCHERED W/ EARNINGS\] \[NO BS\]](#)

telly - June 8, 2021, 6:39 pm

Don't want to make a big thread design because I'm selling a mentorship not a thread making program.

telly's mentorship:

- not autopilot but requires little to no effort
- no bullshit trash methods like some being sold on here
- no ebook I'll take you through everything and answer your questions
- can work anywhere around the world

what's included:

- full access to a private discord people PAID for
- special access to tools to help you make more money (that people also paid for)
- big community to answer your questions
- best support in the business from me and my team

requirements:

- around \$150 budget, the more the better. a little less can work as well. bare minimum would be \$100
- don't have to be 18 but it is recommended. I'm personally not 18 and this method still works.
- ID is recommended but optional in the end (it just makes getting paid easier)

PM me if you're interested or for more details,
please PM me before making a contract so you know this is right for you.

SLOTS:

SLOTS: \$300

Discord: trippy#1337

IT IS NOT RUNESCAPE, ITS MORE PROFITABLE AND UNSATURATED COMPARED TO RUNESCAPE.

TOS ([Click to View](#))

will refund if something is stopping you from doing this method or I am unable to provide what I promised

will not refund if a third party intervenes

this will not be leaked at all, if it does get leaked you are just hurting your gains

the method will not be talked about at all

if you do not make a profit during the time period I tell you, I will refund you. (people will gain at different times depending on budget)

if you're annoying I wont sell to you/refund you (my time is just as precious as yours, even though I'm mentoring you, I'm not your slave)

faq:

How long does it take to make hundreds a day?

Depending on your budget it can take a couple months to a couple days.

What is the method?

This method is revolved around the world of reselling virtual game items. This is the best as it has nothing to do with anything physical.

Will it get saturated?

This method has been out for years and hasn't got as saturated as other games, even if it does get saturated I will proxy sell for you on a site that is unsaturated and really profitable so do not worry.

damn 4 am? yawnnnn

basically think of it as runescape gold selling
you can buy gold and resell
or you can form it yourself for less money and then sell it
but its unsaturated and more profitable compared to runescape

you can either resell (bigger budget but bigger and faster ROI)

or

farm (slower but better for lower budget)

big community but not saturated, by big community I meant a discord server of 300 or so members. even if it does get saturated in the slightest i will be proxy selling for you on a site that is not saturated and these sales have a huge profit margin.

Rexxleo558 - June 9, 2021, 7:20 pm

How long does it take to setup and start making profits.

How much do you recommend for initial investments?

What is the payout? Bank transfer? Crypto? Or PayPal

JuiceBoxCereal - June 9, 2021, 8:34 pm

How much of that is profit from your image?

so setup depends on ur budget, if ur farming it'll take like an hour since its ur first. after that u can run it 24/7 on RDP.

i recommend at least \$200 for initial investments

payout is paypal, crypto, whatever u want since I'm the one proxy selling for you.

since I'm proxy selling I get paid in paypal then you can tell me what you'd like and I can convert to crypto. (not responsible for fees)

Rexxleo558 - June 9, 2021, 9:32 pm

Can it be done without farming?

with a big enough budget you can go straight to reselling. you only need like \$100 minimum for reselling without farming.

(Jun 9, 2021 09:41 PM)everythingred Wrote: [\[CITE\]](#) And would we have the same profit margins as you? Why are you selling this method?

selling this method cause I'm going to take a % of what u proxy sell until you become independent. also joining my community gives me more rep. also this information I taught all by myself so showing someone how to do it is easy for me IMO so why not monetize it?

JuiceBoxCereal - June 9, 2021, 9:55 pm

profit margin will be a bit off from mine since I'm taking a bit of a cut. the profit margin is so big from what you're spending to purchase compared to what you're selling for so it wont matter, you'll still b making good money

What if PayPal limits your account that you receive payments? Do you have a plan? Once you start moving a lot of money PayPal will ask for documents and force you to make a PayPal business account. I think the amount is 20k or 200 payments received.

Quick Update for everyone.

I have been working with OP today going through the process. It's just taking time due to me being new, OP explaining things and then also waiting on what we specifically need. Like I said earlier, when I make money I will update the thread.

Was thinking of making a small group with the people who I sell the slots to. I feel as if we can all benefit from the information I share as you guys will become independent sooner or later and find new methods to make this more efficient. I'm currently teaching moneymo everything I learned over

the years, this can take a bit depending on our schedules. Please be patient and wait for the earnings, if you are not patient this is not for you. Even though it is an easy way to make money, EVERYTHING requires some type of patience. Also wait for the earnings from moneymo come in, I don't want to sell you guys anymore slots until I know how to perfect my teaching in this niche with moneymo. Thanks, vouch should be coming soon.

telly - June 10, 2021, 9:46 pm

good question, the people who I mentor who are turning into my partners, proxy sell thru me. so technically the more people that I teach the more people proxy sell thru me. which gives me a % of their sale, making me more money. win-win

How much time did it take to get payment? Clearly not long, yes?

Have you made anymore since? Are you on your own now?

Obviously this is re-selling gold/items from some game, so what happens when the game's currency inevitably tanks (OSRS GP is like \$0.00 a mil)? Do you just find another game?

This will be my updated vouch of tellys method, below is my last vouch of his mentoring and from there I'm very happy with how it has been since.

Telly has made it a priority to keep his mentee's informed and even made a private discord server

to keep us all informed in one place but also to answer any questions we all have.

as I said before I'd post proof of earnings with this method which have come through!

(image above is around \$408)

(image above is around \$513)

Went through my first mentoring session just now with telly, it exceeded my expectation on what we'd be doing to earn in this method. When explaining the whole method he went in-depth and explained every component that will be important to you that you'd want to fully utilize within this method. As well as that he ensured I understood everything along the way.

Will update thread with proof of earnings when I get to that point!

What's the average ROI with this mentoring every 1-2 days ?

so an invest of \$500 would get me around \$400 profit, investment of \$300 around \$200 profit, etc. it all depends on demand and market during that time.

no maximum really, its just when reselling its higher risk so you don't really want to invest TOO much. but the max i've done is like \$500

Completed another deal with telly reselling. Profited around \$80-90 dollars on this deal, only took around an hour to get the item for telly to resell.

I have more than enough for what you say to budget for. What kind of returns can I expect from this? I saw you said \$500 max every certain time period, is it guaranteed to get whatever is needed every time so I can always sell the product when available for max profit?

Or am I complete off base here?

I have access to people who advertise your items to thousands of people as well as access to websites with high foot traffic to make sure you sell with high profit margins. I can show you how to invest your \$500 and what items to purchase for better return. I cannot say when the items will sell so you must always be patient.

Around \$94.25 investment and made \$43 profit. I don't really remember how long it took to do that but i'd say around 1 hour to get the stuff and around less than 15 hours or less to get the investment back (this is just idle time do you don't do anything within this time except wait)

This time can vary tho, i can be a few hours at the least even (which i've experienced myself previously)

Edit: For consistent and good earnings, you will need to rely heavily on him to proxy sell.
telly has become unresponsive and has been ghosting me on both HF and Discord for 3 weeks now.
I'm no longer earning anything.

Here is my review:

It is another massively popular game.

Once you get the e-book, you will be introduced to the basics as well as the methods that he uses to earn money with this game.

I wasn't new to the game but the part where we do the method is something unfamiliar to me.
So this mentorship was essential in making the methods work correctly.

Even if you knew a thing or two about this method, you wouldn't be able to execute this method to it's full potential.

The mentorship helped me skipped all the tedious steps in learning all this by myself.

I've earned about \$90 so far with 1 transaction.

OP has been very busy recently so I'm looking forward to his full return to the mentorship on this Friday for us to set this back in motion for more consistent earnings.

TL:DR

This method has very good earning potential.

when farming you can purchase items to make scale faster. it's like a snowball effect, more items means you make more. when reselling you obviously need to pay for the item then sell it and repeat.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
