Thread: [\[SPECIAL\] SOCIAL ENGINEERING MENTORSHIP - MAKE MORE MONEY E-WHORING!!!](#)

hugh janus - June 8, 2021, 8:22 pm

Hey you!

Do you find yourself struggling to seal the deal when e-whoring? Do you have the packs and the traffic but can't figure out how to sell yourself?? It's social engineering that you need, and I'm here to help. You're welcome.

Today I want to offer a service that may seem sort of unorthodox, at least here on HF. I'm offering private mentorships to help improve social engineering skills for e-whoring. I've done e-whoring since it was on Kik, back on 2014, so you can bet I have a lot of experience. Through nothing more than trial and error, I've learned the best way to communicate with prospective customers in order to get them to do what you want - whether that be buying pictures, subscriptions, or anything or the sort.

Think about it this way: You can waste your time and lose plenty of potential customers by NOT knowing what to say. You can scare of customers that may have been interested in spending money, and waste hours of your time on people that would never drop a dime. After a long process and lots of experience, you'd start picking up on cues and learning how prospective customers actually want to be talked to.

OR

You could learn the right things to say from a seasoned veteran who already knows his way around the ring. You could save time learning an annoying and frankly frustrating process, and start earning sooner. This is by no way a get rich quick scheme, this solely depends on you and your ability to learn what I'm saying and approaching e-whoring from an effective angle that will maximize your payouts.

I will only be running 10 slots of this mentorship at a time, because I want to make sure I am able to properly teach anyone in the program and give them time to make sure they know what they're doing. I will personally make sure you learn everything I know and be right by your side as you learn to use the methods on customers. I will not stop mentoring until you are fully proficient and I am seeing results. After that, you will still be free to ask me questions at any time, but you will have learned the skills to be able to communicate effectively and start making more money.

You could have the hottest girl's pack and all the traffic in the world, but mumble like an idiot and never make a dime.

Learn your shit and start making money now.

What I'm offering:

- 24/7 Mentorship and Advice
- 1 on 1 personalized lessons based on what you need most help with
- Learning how to communicate with your customers

- Learning how to keep them coming back for more
- Learning how to weed out time-wasters.
- Personalized advice on how to best use your model/e-whoring platform
- Any questions post mentorship will be answered, I won't just throw you into a ditch.

That's all.

Slot 1: \$10
 Slots 2-5: \$25
 Slots 6-10: \$45

I only take crypto.

Will update thread with how many slots are available.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
 Stanley
