Thread: [Anyone ever made friends with a cop? Lol](#)

clean - June 12, 2021, 3:59 pm

I just am asking, I grew up with a kid that's now a cop... We used to do the damndest of things together but haven't hung out in years.

Blogger - June 12, 2021, 4:31 pm

Yep. I just moved into an apartment complex with 17 apartments. Literally half of them are cops. Before I moved, I made friends with several of them. Small towns, man. It happens a lot.

AyeDawgWasup - June 12, 2021, 4:34 pm

I did. Saved me from a ticket one day. Then we smoked weed the other day while he was off. I made a joking comment about him being a cop guess he took it personally and turned on me.

bk randy - June 12, 2021, 4:38 pm

Yea, my buddy was a correction officer in the jail I got locked up in and I watched him walk out after getting fired. We still talk.

Crypt - June 12, 2021, 5:52 pm

Never friends but I've always had good conversations with the police. Mostly because I am into firearms.

Malthemar - June 12, 2021, 6:07 pm

Yeah, was on a bus when I was younger, chatting to some dude on the bus. Added each other on socials.

He was a gay cop that had been hitting on me for 45 minutes and my dumb ass didn't clock it.

Vibes. I feel you. I hadn't talked to this guy in years. I came across him again recently and sure enough he is a cop now. Him and I used to do the craziest of shit lol it's hard to believe!

RTKN - June 12, 2021, 6:18 pm

Yes , a lot of Cop friends :D cousin also a cop

Yanix - June 12, 2021, 10:47 pm

When I was on my High School days I used to go with my cousins on the City Hall where he works on CIDG department so lots of cops are being so friendly but now some are gone :D

[\$(5)\$] - June 12, 2021, 11:27 pm

Yes, not that big of a deal. And they're not "out to bust everyone" either. Plenty of social gatherings where there is casual drug use and cops present, without a care in the world. They don't partake or get involved, but they aren't on duty as a cop either.

sweatpants - June 13, 2021, 2:25 am

I became friends with one after I had something stolen off my vehicle... been family friends with a

couple prison guards since before I can remember too,

Pawnhub - June 13, 2021, 8:24 am

Half of you are cops. LOL.

hhholand - June 13, 2021, 9:23 am

Yes met him on MMA training, other day he saved me from 50 dollars ticket, im glad i did not punch him with power :D

A + - June 13, 2021, 10:14 am

I moved half way across the country and met a cop that was from the same city I was. We used to hang out at the gym and that sort of thing.

Yup. They are hard to come by anymore, to me that's old fashioned but the way it should be... If people want to do drugs let them, let them killz themselves.. Why should cops "save them" from that shit, most just end up going back to whatever they were doing anyway once released.

Larry - June 13, 2021, 11:35 am

Yes my buddy IRL works for the Sherriff's department in my small town. Knew him since before High School so we're very close. It's not that big of a deal, just like any other person. And not a cop but my Uncle is a correctional officer.

Yeah when you're off the clock, you're off the clock. Or that's how they put it. I mean they would obviously intervene in a situation if need be, but in this regard- they're not looking for law breaking citizens when they're at a bonfire with friends. Lol.

618C - June 17, 2021, 4:13 am

yea i know a few dudes who are cops, saved me and my friends a few times from a ticket.

they are people too tho (some of them)

??? - June 17, 2021, 5:56 pm

Yes, I have pretty close indeed. Looked out for me in school and everything. If I was involved in something he would speak on my behalf.

I never had one but would be cool to have one to know how things work out.

AiDenti - June 17, 2021, 9:52 pm

Closest I got was in my freshman dorm when a cop was just chilling in the lounge. She busted someone in the dorm earlier and we got talking about guns.

HEISENPUG - June 17, 2021, 10:03 pm

At a bar near me i made friends with a cop before. Honestly they're not all that bad as they are made out to be lol

Weird to hear a bunch of police are living in apartments, always thought they'd have homes or something IDK

I thought the same thing. The first house next to these apartments are cops, too. I'm fricken surrounded, which is a good thing. I'm in a crappy neighborhood so I feel safe. But it is weird seeing them live in the same apartments as me. To be fair, they're rookie cops, all in their 20s.

CollectingTime - June 18, 2021, 11:05 am

Not trying to be friends with cops. I remember homies who were smoking weed and taking drugs getting into police and catching their own friends.

1337GAMER - June 18, 2021, 11:12 am

I have a few cop buddies. I studied policing in college and a lot my background is in law enforcement, so I'll likely always have some in my life....lol

Sky - June 18, 2021, 11:57 am

Actually a buddy of mine I grew up with is an officer where I live and his father is the Sheriff. Good dudes.

blackrose_x0x0 - June 18, 2021, 12:00 pm

I know a few guys when they got out of the Army they became cops. They're really nice guys and wasn't surprised when they did become cops afterwards.

Fkn - June 18, 2021, 12:07 pm

I have a story to tell. There is this cop around 45 years old who caught me selling drugs. A few years later, I saved his daughter from getting raped. We are not best friends but the daughter makes him invite me from now and then.

not friends but my cousin who i grew up with is one now

Envy - June 18, 2021, 12:49 pm

I've never made friends with them however all of my encounters have been friendly.

Beherit - June 18, 2021, 1:20 pm

No, but I have one in the family. We get along fine.

x_x - June 18, 2021, 1:23 pm

I did coke with a police officer often about 2 years ago and he'd ask me where to buy ket, he was the only cool officer in the UK.

TB12 - June 18, 2021, 1:38 pm

There was a cop at my highschool who was very funny and kind to everyone. Got to talk to him a lot in my Law Enforcement class because him and the teacher had been friends for years.

I do not associate with police officers and I don't respect their careers.

Makes sense, I've heard of new cops living in apartments so maybe it's just people starting out on their own.

neightworks. - June 28, 2021, 10:12 pm

I have a really good friend who is a cop, he used to work for me at the gun store before he graduated.

It's rad, he help me set up my Valentine R1 and tells me where other cops are when I go out zooming.

Neon™ - June 30, 2021, 8:27 am

Not a friend but a close relative of mine is a corrupt cop. He gets money any way possible but mostly from traffic stops (third world country, corruption stuff etc.).

Psilocybinaut - June 30, 2021, 9:15 am

I had a friend I grew up with that really wants to be a detective. Other than that? No. I'm really with the whole ACAB honestly. Can't trust none of em if you ask me.

clean - June 30, 2021, 10:15 pm

Yeah I don't fuck with the 12 to be honest. Where i'm from they put on this intimidation face and try to make everyone seem wrong. It's BS I just keep to myself these days !!

scam. - July 2, 2021, 12:05 am

I do not think highly of police officers.

Courtesy apartment. Apartment manager pays 50-100% (normally 100%) of the rent in order to have an officer live there. Sometimes it's required of them to have a take home car other times not. Some complexes require the officer to be on call (when off-duty) to handle reports such as car break-ins, trespassers, and excessive noise. All just depends on the area.

wow - July 2, 2021, 11:44 am

I live opposite from a retired Policeman, he's a pretty odd guy. Retired at a very young age, I've lived opposite him for a few years now and he's never spoken to me about a weed smell or my mates drinking loudly but I still wouldn't trust him.

Eliten - July 2, 2021, 4:16 pm

My grandfather was a chief of police, worked his way from the bottom to the top. One of a kind!
