Thread: [Sparkling water. Fire or trash?](#)

[\$(5)\$] - June 12, 2021, 4:56 pm

The title is as simple as it gets.

When it comes to sparkling water... is it fire, or trash?

Crypt - June 12, 2021, 5:42 pm

Sparkling water is actually pretty bomb. I haven't had some in forever though.

Nope my tastebuds hate it ?

Malthemar - June 12, 2021, 5:49 pm

It would be absolute fire if it didn't give me horrendous indigestion.

A Nobody - June 12, 2021, 5:49 pm

I'd vote trash if I had to pick. What even makes it sparkle??

CO2 gas is added.

wow - June 12, 2021, 6:04 pm

I personally do not like it, it's what I'd imagine static to taste like.

sad - June 12, 2021, 6:22 pm

a glass or two is good, but I wouldn't want to drink 4 liters of sparkling water like I drink tap water.

Lilith - June 12, 2021, 6:59 pm

Absolutely love it, but I couldn't replace tap water with it.

TB12 - June 12, 2021, 7:25 pm

I'd only drink it if I had nothing else

Lol that killed me

ON a serious note, I can only tolerate the ones that are flavored, and specifically flavored at that. Some of them are absolutely disgusting, but I guess it is that way with pretty much every product.

Bumpkin - June 13, 2021, 9:40 am

Fire. I love sparkling water.

Do you like the flavored? Or just normal

Normal is fine for me. Not a fan of flavored.

Any specific brand? The unflavored I've tried in the past here haven't been the best, but I'm open to trying again

I can't stand it. I actually get proper angry when I buy the wrong water bottle in countries where I don't speak the language

Have done this! And also did at a home. A local water brand doesn't use a different label for their sparkling vs their non, it's just in small print.

618C - June 14, 2021, 2:50 pm

Nah hate it! Sparkles dont help me to get rid of my thirst :/

x_x - June 14, 2021, 2:54 pm

The first sip is always the best then it's downhill from there, like heroin.

I like plain water or juice to quench my thirst

AiDenti - June 14, 2021, 7:48 pm

With alcohol it's nice. I don't see the point otherwise.

I've never tried adding to alcohol, it's not bad huh?

I mostly go for White Claw, but you can always just add some vodka (which I think makes a vodka tonic)

618C - June 14, 2021, 11:31 pm

i always get some serious burps after them sparkles XD
just give me plain or flat water and ill be fine!

??? - June 14, 2021, 11:34 pm

Faucet here I come, id rather drink tap than sprinkling water.

Blockonome - June 15, 2021, 3:15 am

Can never drink sparkling water, as I just do not like bubbles in pure water, does not attract me in any way lol

GiraffeBear - June 15, 2021, 11:50 am

Normal is okay although I prefer the flavored sparkling water.

The - June 15, 2021, 11:58 am

I believe it's water but sparkling.

Aeowulf - June 15, 2021, 2:00 pm

Neither. Its what collects the trash, like all of it. It's an absolute trash heap.

sweatpants - June 15, 2021, 2:06 pm

It's not my drink of choice. But when it becomes the only thing available I'll have some of it... when I run out of syrup for the soda stream its such a waste if you don't drink the water
