Thread: [Do you use a fork in your left or right hand?](#)

Shrooms - June 13, 2021, 4:40 am

I was always told the correct way is to eat with your fork in your left and knife in your right hand but I have always done the opposite. How do you eat?

I'm right handed too.

Left. Also write with left too.

Elweth - June 13, 2021, 4:54 am

I use both hands, one is too boring.

Interesting way to eat

Cyber Rick - June 13, 2021, 5:00 am

Left when with a knife, right hand if its just the fork. As you are supposed to do.

Zero - June 13, 2021, 5:37 am

If I'm only using a fork then right hand. If I'm using a fork and a knife then left hand.

Malthemar - June 13, 2021, 5:43 am

My fork is always in my right hand.

HOMODIN - June 13, 2021, 6:05 am

There should be a 50/50 option in the poll, for me it's literally just that, it completely depends on what I eat.

Jake Johnson - June 13, 2021, 6:22 am

If I am using a knife I use my left hand to hold the fork. However, when I'm not using a knife I then use my right hand.

Features - June 13, 2021, 6:40 am

Its honestly weird that im hesitating to answer this. But I do believe I use the right hand for the most part.

junkie - June 13, 2021, 6:55 am

I use my hands and my mouth only

Xen - June 13, 2021, 7:03 am

I use my right hand for everything.

Literally everything.

I'm the same, my left hand is a bit stupid

A + - June 13, 2021, 8:18 am

I'm left handed so I use a fork with my left and a knife with my right.

Bumpkin - June 13, 2021, 9:26 am

Right-handed so fork goes on the right hand.

TB12 - June 13, 2021, 9:32 am

I've always had my fork at my left hand and knife at my right

618C - June 17, 2021, 4:23 am

im righthanded too but, etiquette's guys!

stuff the romans decided when they started using a fork and knife
REALLY important to do it the right way for reasons... ;)

Sky - June 17, 2021, 4:50 am

I use both hands and hold it like it's really hot.

Yanix - June 17, 2021, 4:50 am

I am always using my fork on my left hand :D

A Nobody - June 17, 2021, 4:53 am

If I only have a fork it goes in my right hand. If I have a fork and knife, the fork goes in my left hand.

I use whatever hand is dominant. I didn't think there was specific hand rules.

Pug Life - June 17, 2021, 7:36 am

Im right handed but when i eat with knife and a fork, the fork is on the left side and the knife on the right.

When im eating something with only a fork or a spoon its in the right hand for me.

Kisame - June 17, 2021, 8:30 am

Mighty righty right might.

mirceam2000 - June 17, 2021, 8:32 am

The real questions is... in which hand do you hold the knife?

RedJohn77 - June 17, 2021, 11:09 am

Left, as you're supposed to

same here,dont really follow those table ethics

Ultras - June 17, 2021, 11:38 am

Left, of course. I don't want to be the laughing stock of the dinner and it's easier to cut the food when I hold the knife in my dominant right hand.

How god intended

Crypt - June 17, 2021, 2:20 pm

I am right handed, my left hand is just used for opening doors. I'm retarded with the left.

AiDenti - June 17, 2021, 2:32 pm

I use left when I have a knife, but right when I don't

??? - June 17, 2021, 5:04 pm

I am a righty there not much i use my left for at all, i did go through point where i would attempt doing things with my left just so that I knew i could.

My left hand is literally a dumbass, it can't do much

Eden - June 17, 2021, 5:27 pm

Fork --> Right Hand

Knife --> Left Hand

neightworks. - June 19, 2021, 1:23 pm

If I'm using a knife, left, I'm not, right.

CollectingTime - June 19, 2021, 2:37 pm

In the left with knife, in the right without.

Yanix - June 19, 2021, 6:00 pm

Sometimes I can eat without using any fork with me hahaha

ashish2112 - June 20, 2021, 12:31 am

In India we don't use knife and fork for eating (used only for cooking)
Bare hands ? forever

Glare - June 20, 2021, 12:33 am

Fork in right, but when I'm cutting a steak I'll use the fork in my left hand and cut with right, and switch to eat.

IDK - June 20, 2021, 12:46 am

i use my left foot i lost my hands in an accident

Bastille - June 20, 2021, 1:01 am

Learned the same, but I think it's more comfortable on the right hand,

Besides, I just tried to make the move of cutting without a knife in my left hand, it looked like I was suffering from Parkinson ? that's weird

Liam - June 20, 2021, 1:03 am

Fork, left, knife right, without a knife, right, odd (never thought about it) ..

The - June 20, 2021, 2:21 am

I don't believe the poll on this thread.

There's no way this many people are left-handed compared to the right.

kray - June 21, 2021, 2:32 am

I use my dominant hand, what an engaging question.

Ellis Ben - June 21, 2021, 5:28 am

If I use it with knife, it's left hand else right hand holds the fork.

FriendlyHugs - June 21, 2021, 5:53 am

I'm pretty sure someone's already said this, but a bit lazy to read through all the pages.

If eating with a spoon, fork in the right hand. If eating with a knife, fork in the left hand. If eating with a fork only, then fork in whichever hand is your master hand.

Regulus - June 21, 2021, 5:54 am

Since I am right-handed I am using my right hand.

Beherit - June 21, 2021, 8:19 am

I use my hands for everything like a true Viking.

CertiUpgrades - June 21, 2021, 9:27 am

fork should be left hand if you are using a knife

??? - June 24, 2021, 2:18 pm

My right unless I'm cutting something then my left.
