Thread: [\[NEW\] EWhoring Freshly Over-Powered Traffic source](#)

Lil Tjay - June 16, 2021, 5:58 pm

I'm here to offer a completely new EWhoring traffic source, which best reminds me [BRAND NAME REMOVED] of 2019; adds are insane as well as conversion rate. I'm absolutely sure most of you havent used that source yet and absolutely not having my own unique set-up. So, after testing that couple of times I find it possible to generate around 500 daily HQ snap adds (manually, but easily).

This includes:

- [X] A Sauce Set-Up (from proxies to whatever required)
- [X] 1-1 Mentorship (voice call is possible too)
- [X] An insane source, which you'll be able to easily convert 1/3 of your adds without even messaging them.

This DOES NOT include:

- [X] Known resources
- [X] Low Quality traffic
- [X] Saturated and/or fast-patched method

I'll be asking for \$500 BTC for that as you'll easily make it back within some hours. I cannot be offering any kind of vouch copies as I've spent A LOT of money to test and it won't be fair for me to provide it freely, we're talking about a goldmine here.

4 COPIES AVAILABLE

[contract=tid]Start Contract[/contract]

EDIT: I'll be providing proofs & QA only for those who are serious and not gonna waste my time.

Doubt you'll be making many sales if you're not providing any vouch copies. \$500 is a large asking price with an account as fresh as yours.

GLWS though and if it does work I would be interested.

I'm not manipulating anyone into buying this, so I do not really care. I mean, I don't feel right to provide it for someone if he doesn't pay considering I wasted over 2k on testing.

Thanks though

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

If you remove 1on1 from the package and adjust the price accordingly I'd be interested in this!
If that's something you'd be open to - shoot me a PM with some proofs.

PM'ing with an offer, just take in mind that in some cases the mentorship might be remarkably necessary.

ok, quick update - the seller showed method, this source is fucking great and it's easy to operate. i ran a quick operation now and i got 70 us adds in around 30 minutes. it requires to put a little effort as it's manual but this really looks like [BRAND NAME REMOVED] two years ago! op showed me payments proof of conversion too so I'm sure tonight I'm gonna convert them! vouch vouch

any update? the only guy vouching is a nobody with a join date of 4 months ago lol

Fi?is - June 27, 2021, 7:13 am

I paid the vouche offer at 350\$, and I'm still waiting the method.

He should have sent it to me yesterday, don't buy from him until I have updated this post.

Fi?is - July 8, 2021, 12:36 am

I opened a contract dispute, I copy paste I said on the dispute. If the OP decided to refund or send me the method, I'll delete it.

Dispute notes :

I bought a vouche copy at 350\$ the 6/26/21 of his new "ewhoring traffic", here is the thread :
<https://hackforums.net/showthread.php?tid=615921>

He promised me that he would send the method a few hours after the payment. The next day, seeing that I still didn't have the method, I decided to ask him to send it again and then put a comment on his thread to warn people to wait until I received the method before buying.

And he started saying that I trashed his thread, when I simply warned potential customers to wait for my return.

Not only is he very active on HF and doesn't reply to my messages, but he also trash talks other people's threads ?

I appreciate your kindness, HF isnt a good place to deal. 99% of people there are trash kids. My experience is bad, either as a seller or a buyer for that matter.

Still hasn't sent you method? Idk why you even buy from no names.

Grandpa in a hospital smfh what an excuse. It takes 5 seconds to send btc to someone. You shouldn't expect the refund or the method
