Thread: [Bummed you weren't in my last squad photos? Come check this out before you cry pls](#)

Doc - June 17, 2021, 9:06 pm

Shoutout to my haters who voted no in the poll <3

After reading, feel free to vote and let me know what you think of this, thanks.
Also, please check out the note I left at the bottom of this post.

Hi, -Doc here. If you don't know me, just know I appear to have found quite a lot of great friends on here, much more than I thought I would when I started getting active on HF again.

While sharing some new images I made after learning some new stuff with Photoshop, [PIMP MY SOCIALS](#) posted an image of Cheech and Chong in a car with my avatar in the backseat. After seeing it I decided I had some stuff of my own that I wanted to add, and since then I've been coming up with the "Squad" images below.

Most recent image:

Past images hidden in spoiler.

Spoiler [\(Click to View\)](#)

Squad #1

Squad #2

I like using Photoshop to make images like this, so I thought maybe it could be a weekly thing I could do to keep improving my ability to use Photoshop.

Each week I'll make some strange The Hangover/Fear and Loathing/etc.. image with as many of my HF friends as I can decently fit. While making this last image, I still had to leave some friends I wanted to feature in it out of it, despite my best efforts, like [Smexy](#) , [grainy](#) , [7](#) , [PIMP MY SOCIALS](#) and <Your HF Username> (because I promise I'd never forget about you)

Some things/rules/groups of words to note: [flyingduck](#) and [Lynx](#) will usually be included regardless. The dream team must stay together.

Shout out to [itcorp](#)

If I don't like you, you shouldn't bother with this thread. You probably already know if I don't like you.

If I haven't picked an image to use yet, feel free to offer suggestions if there's a certain one you'd like to see me use. Keep in mind, the more space there is to work with in your suggestion, the more I'll be able to do with it, and the more friends I'll be able to feature in it.

NOTE:

If you want me to use your profile picture, you should see about getting in touch with me so I can get a decent copy of your picture to use.

Thanks for reading and a big thank you to all of my friends for your support! <3

Announcement:

First, please read this next sentence very carefully:

Anyone whining to me about not being on this list and/or not being in one of the first two images, the next image, or any future images will NOT BE FEATURED in the upcoming Squad photo

*Earlier responses to this thread are exempt from this

I put a basket of kittens in my last image just to fit an extra 4 friends of mine in it, keep that in mind before you tell me anything about your feelings. Remember, if you don't make it into one image, that doesn't mean you never make it into another, so please calm your tits

Oh, and if you don't make it into one image and then begin to annoy me by starting to complain/whine/cry/whatever about it...

I will leave you out of the next one on purpose with zero explanation.

Spoiler [\(Click to View\)](#)

The following members will definitely be in the next "Squad" image:

Spoiler ([Click to View](#))

[Smexy](#)

[Zero](#)

[Yanix](#)

[618C](#)

and the fifth person that is confirmed to be featured is... Spoiler ([Click to View](#))

[7](#)

If your username isn't one of those that I've announced, just take a deep breath and know that I'm gonna include as many as I can, because I've already chosen a background image that will let me put more than 5 people in it. I am prioritizing friends that haven't been in one yet. Thank you for your time.
