Vouch copy reviews [2/2]

The method isn't too hard but not the easiest ever. It definitely isn't for newbies in the field that cant do proper SE or don't even know how to accept payments. You will need to have all these sorted out to make this e-book work. You will need some investment (in BTC) but its not too much in terms of what you getting.

Overall the method is pretty straight forward, his pdf had almost everything I wanted to understand it, asked OP also some questions and he explained it even more. I haven't tried it yet but from the looks of it, the method is solid and 100% unknown. He didn't lie when he said this is one of the best traffic sources you can get cause indeed those people are ready to spend. Will update the post will results after I have run it properly.

Like OP explains in his original post, this is not a get rich quick scheme, it requires some time to set up and a small initial investment(or a series of them thereof), it's a short method, but effective. Unlike with [BRAND NAME REMOVED] where you will have to sift through hundreds of disinterested people, this method ensures that the people that add you are people willing to buy. The traffic is there, what you'll need however are the same SE skills as you need with traditional EW. It's a good buy for the price it is being sold at, the traffic source is still unsaturated so it is a good investment.

Interested in buying. I'm somewhat confused though as I read: it's not autopilot, it requires some time to set up, it's a short method.

How much time is required to set it up for each time?

How many steps are required for each time?

How much total investment is required for each time?

Is there anything else required for this method that has to be sourced from a third party?

For the first time you will need about 30 minutes to setup (or even less)

Subsequently you will need only 5 minutes for the process (though this is not mandatory, but it will definitely give you more traffic)

First time you will need approx \$10 or \$15. On every recurring instance you will need \$2 - \$10 (depends on your promotion intensity).

There is one account that you might want to purchase (or create yourself for free), but it is not mandatory. Moreover, it is highly likely that you/anyone already have that account.

It won't matter much as the traffic source is not dependent on the authenticity of the model.
But if you have a real model you can surely make more money out of it, because you can give all

kind of verifications.

- What type of traffic, erotic or dating is this?

- this is escort + dating

It's quality over quantity!

Do you want to waste time talking to 100 dudes or just want to chat with 10 guys and fix up a deal?

These are highly targeted leads from an untapped source. [BRAND NAME REMOVED] adds or any such source will give you 100 or 200 adds, but you are not sure how many you can convert.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
