Thread: [Very experienced ratter looking for partner\(s\)](#)

STGZ - June 21, 2021, 7:25 am

Greetings!

I am looking for partners to cash out (legally duh)
I am looking for partners to spread (I have methods)
I am looking for partners to work with in all areas of ratting!

I've ratted for many years, non-stop.

You should have:

Either an RDP or RAT set up on a encrypted VM

A Crypter/Obfuscator

Free time to spread/talk to me

Telegram: @exploitman

Don't speak to me if you're worried about the feds, I only do legal shizzle. You know? ?

Someone else is on my Discord. Think someone is spamming out a RAT saying it's a tool or something. Do you have telegram or something?
