I don't need it at all, I'm just trying to grow my reputation and give something good back to the community. The amount of just terrible ebooks sold here is astounding, damn near all of them won't make you a dime and require tedious amounts of work.

Hey, sent you a PM since you were the first to comment.

Isn't the entire point of a vouch copy - "free" - or are you mistaken what a vouch copy is? No one is going to go first without something credible from you; you aren't credible at all. For people to give you money, you need to build credibility.

The way I see it, you have two options :

Give a free vouch copy to someone who's reputable on this site and not a VC beggar (trust me, everyone knows when someone shady asks for a VC)

The second option is to utilize a MM who holds funds until the method is completed and people have earned from it.

I agree completely, thank you for the idea.! Middle men are welcome, and I will be giving out a free copy of the method + mentoring to a trusted member still!

(Jun 23, 2021 04:09 PM)ArmadaX Wrote: [\[CITE\]](#) Yea, I got mad because you talked to me for almost an hour asking question after question then called me shady after I refused to give you the method for free. Will have this removed for sales trashing, thanks.

Edit: It also baffles me that you said you were gonna 'warn the community about me and my shady method' when there's nothing shady about it, I don't need to sell it, and your just mad because I didn't give it to you and mentor you into making thousands for free. It's pretty clear you don't have any money.

Well you still didn't learn what is vc but yeah all good pal.

I didn't ask for any free stuff, you actually offered me vouch copy so...

Buy yeah, here is a video of our conversation so community can decide what is going on, your report doesn't mean nothing as we are stick to your thread.

As for the vouch copy, I will explain my method to a trusted member and he will verify the legitimacy. If this member is interested in mentorship & buying the resource used in the method I will offer a discounted one time price of \$200.

Sorry for the confusion, I figured that Sakhill actually read the thread before contacting me. Instead of trying to paint a picture like I'm shady in anyway, I will just give the VC out completely for free along with the mentorship to a trusted member. Thanks guys.

He was edited thread multiple times so...

At the end I didn't have problem to send 400\$ (200\$ extra) to MM as you can see in our discord chat but he change his mind. He is not sure at all what he want, so don't try to be smart.

I edited the thread twice to fix grammatical errors. I never edited the thread to edit terms of service & the statement about the vouch copy has been there since the original post. I have no problems using middle men. I just didn't wanna give you the vouch copy after talking to you and answering all your questions, you didn't seem like a good fit. Instead of being mature you come to the thread and whine, It's ridiculous.

telly - June 23, 2021, 4:40 pm

ill take a vouch copy for an honest review

As I said before be careful, use MM, save your bucks.
Glws, I'm done here as clearly I chat with teenager.

You said this on your other thread too. But when checking your Contracts, I only see a few fellow Achievers members.

Could you tell us who got the Vouch Copy?

shopifyguru - July 1, 2021, 7:39 am

Any vouch copy available? If not, do you accept to use MM?

Is this method related to reselling?

Why can't you say which uber is getting the vouch copy. Your evasive answers are shady to say the least.

You take the time out of your day to post a useless comment instead of waiting for the detailed review, for what?

Why can't you just say the user that is getting the vouch copy? Are you trying to look suspicious?

Take as much time to sales trash me as you want I really don't care lol, nothing remotely suspicious the user just hasn't logged in which I clearly stated a few posts ago.. This is not in my control, if he doesn't respond by the end of the day I'll give out one more vc.

People on here like to use a strategy to 'entice' people to pay. They will have a price increment on each copy to trigger fomo. It's a sales strategy as old as Jesus himself.

It's not an assumption you fool. You literally sold the first copy for \$250 the second for \$350 and the last for \$500.

The bloke that I answered asked why the last copy costs more than the others to which I responded appropriately.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
