You either win the Golden Egg or your don't.

You can then either make a new auction to profit from the egg, or hatch it.

Typically you get around 50-60k bytes which have a monetary value of around \$2/1k

If you decide to hatch it you get a quite strong Hakuman.

Posting is the best way, but you can but lottery tickets on the green eggs they usually only require one or two tickets and under 20 bytes.

IT TAKES BYTES TO HATCH EGGS, DON'T USE THEM ALL

I hope you do too. These lotteries are a great way to build your bytes. Potentially building your finances as well if you plan to sell them.

Excited to see what this ends up going for in your lottery. Hope you get the most out of it you can

All bytes go to giveaways, I will likely never exchange bytes for other currencies.

That's a great kicker to keep your presence in the forum. Will you be doing Bytes lotteries with them? Or just straight up contests with drawings?

We can only hope man, that would be so many bytes to give away.

Although my current giveaway isn't really doing great, expected way more people to want a free upgrade.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Bytes are the last thing I'd spend money on lol.

Nothing to do with them besides lose to boring games.

You can feed it once you got moves left or once you got no moves you can just wait for 24hours before your moves gets back again.
