I have sent you my contacts. You should not open a contract with me before we have even made an agreement. I first need to know what you want to have coded, timeframe, and budget. I had to decline the contact for that reason. Get back to me, we will make an agreement, and I will start a new contract with you.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
