WTL?!? Are he really the admin of this forum? Wow!
So Omniscient, why do you added postimages.org in the blacklist?

(I can't refer Omniscient, I can't find his refer ID).

Omniscient - June 26, 2021, 4:24 pm

postimages.org doesn't appear censored. Their domain is postimg.cc for images.

Test...

EDIT: Was likely being used to spam at some point or the domain was flagged by AV's. I have lifted it for now.
