It would mainly be confirming that it does infact showup/can increase your site seo for keywords and also is organic google keyword searched traffic and that it shows in google and such. I've got plenty people who could vouches for it, they just sadly arent from this site so they cant post for a vouch XD

ZeLizzard - July 13, 2021, 11:07 pm

Update: After testing on a fresh website (let sit for around 2+ months) with 0 backlink seo and simply just our traffic going to the site adsense was accepted within a few days after applying.

If you already have adsense we can customize the bot to click at the ctr % your site is used to.

RedirectMe - July 23, 2021, 10:55 am

Added you on discord. I've some targeted questions.

ZeLizzard - August 16, 2021, 6:35 pm

Features are still being added to continue and consistently stay out of googles watch. Latest feature implementation is even more enhanced cloaking tech, however, this is a whole new layer of cloaking incase for any reasons the first cloaking tech fails.

I have spoken to zelizzard and honestly coming from being bitten too many times with SEO services that provide crap and disgusting information, i have had a good 3 hour chat with him and i've now moved onto purchasing one of his packages.

He has been nothing but helpful, responsive, respectful and def knowledgeable in this field and 110% honest the whole time.

Once this service starts, i will update my journey and let you all know how it goes, hoping to give everyone more proof that this will work or not.

backz - September 20, 2021, 2:37 pm

Is this profitable for adsense and if we run it does it click on ads?

ZeLizzard - September 20, 2021, 11:52 pm

Depends on your sites current traffic flow, which package you order, what % click rate you choose, and the cost per click for your keywords/site in general

JuiceBoxCereal - September 21, 2021, 8:26 am

So his traffic clicks AdSense ads?

ZeLizzard - September 21, 2021, 3:18 pm

Yes, and the ctr % is customizable along with countries and mobile/desktop

backz - September 23, 2021, 3:41 pm

Can you shoot me over some more info about your Adsense traffic?

What's the ban rate like? I have a few Adsense sites so really interested in this.

I haven't had any accounts banned from this service, the only reason I can think you could have issues is if you hit your site full blast with Traffic/Clicks instead of steadily increasing amount of traffic & or clicks especially if its new or doesn't have its own organic traffic flow. I usually recommend customers to not go above 2% ctr

ZeLizzard - February 24, 2022, 9:06 pm

2 Slots open if any interest.

Is this safe for adsense? Can this be used for a new site which is just indexed for only 2 or 1 keyword

Yes, you would just need to start out slow and gradually scale up

Newton3rdLaw - April 5, 2022, 12:41 pm

Do you promote blackhat services too?

pkdievas - April 20, 2022, 1:49 am

I left a message in Telegram for you.

-ar3s- - May 2, 2022, 1:44 am

I'm interested: Is the time on site before clicking an ad customizable?

blackbeard1984 - May 10, 2022, 6:28 am

I will try your service soon. I programmed bots before with unique browser fingerprint for each browser and also random ways to browse the website and random mouse movements the only problem I had is the residential proxies are expensive.

Yes, essentially everything on it is customizable/already randomized

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

it did work at the time.

The bot has seen many upgrades and code changes over the year, its not in the same league as our bots from a year ago.

Hi ZeLizzard, do you only offer the service or also sell the software?

(Mar 22, 2023 04:56 PM)adsenselove Wrote: [\[CITE\]](#) Hi ZeLizzard, do you only offer the service or also sell the software?There is a separately coded version of the bot for sale (a 1 of 1 sale of the separate private source), but the price on the source for just the click bot alone is 10k, and that doesn't include proxies/servers/updates

There is also a package deal on proxies + 2 types of the drainer bot + adsense clicker bot + traffic bot but youre looking at a rather high price.
