IMDb Wrote: A racist woman takes it as a personal mission to displace the new Black family that just moved into the neighborhood: they won't back down without a fight.

A cheap rip-off of [Get Out](#), another bad movie IMHO, with the addition of the dead Karen meme. What the fuck. Thoughts?

LOL

I love when they turn memes/satirical nonsense into actual movies

I can't wait to see it, and that's not because I think it's going to be a masterpiece ?

Looks like a low budget movie, combined with a lake of imagination ?

I liked Get Out, but this one doesn't sound good imo (maybe I'll watch it, just to be sure haha)

Ugh, yeah I mean don't get me wrong, some movies that they make where they shine a light on just how messed up racist people can be are pretty good, but this just feels like either a money grab from all of the liberals with their heads way up their asses (this is coming from a liberal) or a movie hoping to pander to said liberals. I can only imagine what kind of tropes they're gonna have in this. Dumb af.

The acting in the trailer made me want to end myself
