Thread: [Should i hold or sell some coins from my portfolio \(VET, THETA, ADA, LTC\)](#)

stacking - June 27, 2021, 8:09 am

Hello All,

I am keeping same portfolio from a year. Now I am thinking to revise my portfolio

BTC - 45%
ETH - 25%
VET - 5%
ADA - 5%
THETA - 5%
XMR - 5%
LTC 5%
Others - 5%

Now I am thinking to sell VET, ADA, THETA, and LTC and convert them to the stable coins.

Please provide me your valuable suggestion

You speculated, seems like your allocations are okay. Any reason you can't hold?

How many coins are in the 'Others'?

G Eazy - June 27, 2021, 8:52 am

Just hold on hope for the best prepare for the worst.
