I don't exactly understand what is your service here? I don't know about twitch a lot, so we can pay you and you can advertise our advertisements? or reverse?

I'll watch ads on your twitch stream, you pay 0,8\$ and I'll watch 1k ads, twitch usually pay 2\$ so you basically pay 0,8\$ to get 2\$ back from twitch.

I have private bot and proxies to get the most profits out of your ads.
