Eg00 - June 29, 2021, 2:57 am

Hi guys, today I'm selling the method to create 5k accounts.

This ebook is OVER 70 pages and is very detailed + has lots of pictures to make it even easier!

Time investment is minimal and actual investment is very low (<0.5% of credit value).

I also have an \$100k method ready for sale as well, but will only sell 1-2 times, but will be an absolute cash cow if you know what you're doing.

Price : \$250, Crypto only, comes with full support + updates!

\$10k method is currently offers only as it's limited.

ABSOLUTELY 0 CARDING INVOLVED.

Can give out some vouch copies.

He basically is trying to blackmail into giving him a VC when I'm speaking to users FAR more reputable than he is. Never got mad, it's just him trying to make me give him a VC when I'm talking to and have given out some copies already.

I hope everyone can see what's truly happened here :)

As you can see he is upset that I don't want to give him a VC and then ignores that I've handed/will hand out a couple more copies.

Cheers.

Deal with caution, He is very suspicious newbie user. Always use middleman before dealing with these kind of members.

I would agree with using a middleman, but if you see my former posts, you can see that guy is a lying scumbag who just wants shit for free.

Please add my tele :)
